All WyoTech students were impacted by COVID-19 due to a temporary closure/extended break from March 25, 2020 to May 11, 2020. Therefore, the school will utilize the full total student portion of funds available (\$121,887) to be divided equally among its student population – those that were actively enrolled or scheduled to be enrolled prior to May 11, 2020 and who have an ISIR on file with the school will be scheduled to receive a Higher Education Emergency Relief Fund (HEERF) grant in the amount of **\$640**.

Active and enrolled students (May 11, 2020 and prior) who do not have an ISIR on file with the school, will be notified of their ability to complete and submit a FAFSA in order to potentially become eligible to receive Title IV funding, including but not limited to, HEERF grants.

Funds pursuant to the institution's Certification and Agreement [for] Emergency Financial Aid Grants to Students will continue to be disbursed to all students who started enrollment May 11, 2020 or prior and who have a school status of "active" at the time the disbursement is scheduled until the funds are expended. Should the student portion of the HEERF funds be fully expended before the eligible group of students receive an equal portion of the funding (\$640), the institutional portion of the funds will be utilized supplementary.

The CARES Act allows for an institution to transfer up to 100 percent of its unexpended Federal Work Study (FWS) allocation into Federal SEOG (FSEOG) and allows for institutions to use any portion of their FSEOG allocation, including funds transferred from FWS, to award emergency financial aid grants (ESEOG) to assist students in paying for unexpected expenses to cover unmet financial need as the result of a qualifying emergency (<https://ifap.ed.gov/electronic-announcements/051520UPDATEDGuidanceInterruptStudyRelCOVID19May2020>).

WyoTech students will be eligible to apply for this additional funding if they have been further impacted by the coronavirus pandemic. Applications for that funding are available through the Student Finance Department. This application permits students to apply for ESEOG. Campus administration will use Estimated Family Contribution (EFC) and the information provided by the student to determine eligibility for a grant and the amount for which the student will be eligible. Each student will be eligible for only one ESEOG and only one application will be considered per student. Only students who are participating in courses actively, who are Title IV eligible and in good standing, will be eligible.

1. The total amount of 2019-2020 unexpended FWS and Federal SEOG funding available to the institution as of the date of this Fund Report is **\$117,958**.
2. The total amount of emergency FSEOG disbursed to students as of the date of this Fund Report is **\$117,958**.
3. The estimated total number of students at the institution eligible to participate in programs under Section 484 in Title IV of the Higher Education Act of 1965, and thus eligible to receive an emergency FSEOG, as of the date of this Fund Report is **158**.
4. The total number of students who applied for and received emergency FSEOG under of the date of this Fund Report is **96**.

- Check all situations that apply to you:

 - I am financially responsible for relocation and/or travel expenses
 - I am financially responsible for my own health care costs

I understand that I will be unable to revise this request after submitting it and I understand that the Student Finance administration of my school will determine my eligibility for grant monies based on my responses to the questions above."

Each student will be eligible for only one Emergency FSEOG and only one application will be considered per student. Only students who are participating in courses actively, who are Title IV eligible and in good standing, will be eligible.
