***HOUSING
HANDBOOK***

Welcome to

WYOTECH

This housing handbook is an overview of student housing options at WyoTech. The following pages offer an overview of recommended campus-managed housing areas, housing policies, and costs, as well as additional information about living in Laramie. The policies in this handbook are subject to change without notification.

Overview of

Services

You will find that housing offers you many of the comforts of home and the freedom of having a place to make your own. With these benefits, however, comes the responsibility of taking care of the property that you occupy. You will find information in this guide about the advantages of WyoTech student housing options, as well as our policies and the requirements for those who choose it.

We look forward to answering any of your questions and helping you make the right housing choice.

Campus Managed Housing

WyoTech offers multiple housing locations that are overseen by our Housing Office.

These housing options are subject to rules and policies set forth by WyoTech. Campus-managed housing features apartment-style living.

Benefits of Campus-Managed Housing

- You reside in close proximity to one another. This facilitates carpooling and allows you to establish new friendships and participate in housing activities. You are surrounded by others who share the same general interests and goals, which makes for a more supportive community.
- The WyoTech campus-managed Housing Office sponsors frequent activities and events for you as a resident.
- WyoTech campus-managed housing provides heat, electricity, internet, water, sewer, garbage, and general maintenance at no extra charge to you.
- Each campus-managed housing area has at least one student resident assistant (RA) as a communication and support resource for you.
- WyoTech campus-managed housing provides lease agreements that match the length of your enrollment.
- WyoTech provides staff who facilitate the safety and security of the WyoTech property and, most importantly, you, staff, faculty, and visitors.

Room Types

Shared or Private Bedroom

All of the apartments in campus-managed housing are organized as multi-resident suites. This means that private or shared occupancy bedrooms share a common kitchen, living room, and bathroom. Private bedrooms offer more privacy in an apartment.

The monthly cost is higher, and the apartment is still shared. There are no units where you will have your own apartment in campus-managed housing.

Monthly Rental Rates

Shared Bedroom Rates

\$450-\$500*/Month*

Private Bedroom Rates

\$550-\$660*/Month*

Cost includes utilities, internet.

WyoTech cannot guarantee any specific space within the WyoTech student housing. We also cannot guarantee that room assignments will not change at any time prior to the start of classes. *

* Prices are subject to change. Please visit WyoTech.edu/housing to see latest costs. Temporary housing assignments may be required when demands exceed availability of regular housing, to include local hotels.

** Prices based on enrollment date and location of housing unit. WyoTech offers six different housing locations. These facilities are subject to change.

4 Steps to securing your Housing

Housing assignments will be sent out one month in advance of your start date. Your housing needs and concerns are important to us, and our Housing Team is available to help you every step of the way. The process for locating student housing follows the below steps:

1

Review Information

Review and understand all of the information in this packet. Your Housing Team is available to review your housing options with you and answer any questions you may have.

2

Make Your Decision

You will need to decide whether you live in our campus-managed housing or off campus. Once you have made that decision, you will need to complete our housing application. If you choose to live in our campus-managed housing, you will need to submit a \$350* damage deposit with your housing application.

3

Complete Forms

Please complete and return your application, along with your \$350* damage deposit. You can do this through the student portal. New applications submitted with a change in room preference or roommate requests will move the secured date back to the latest application received.

4

Final Check

Housing assignments will be made 20 days prior to the start. Housing assignments will be made on a first-come, first served basis. You are encouraged to complete the housing application and pay the damage deposit as soon as possible in order to increase likelihood of receiving requested room assignment. Room assignments will only be made once the damage deposit has been received.

Changed Your Mind

If you have changed your mind about your housing preference, contact the Housing Team at 1.888.245.1203.

**Prices are subject to change. Please visit WyoTech.edu/housing to see latest costs.*

Roommate

Assignment

When you choose the campus-managed housing option, roommates will be assigned by the Housing Office. Housing assignments and roommate requests are made on a first-come, first-served basis, when space is available. Our Housing Office strives to make roommate assignments based on requests from you. However, we cannot guarantee your roommate preferences.

Roommate Requests

Roommate Requests — If you are requesting a specific roommate, it must be a mutual request. In other words, the housing application for each student should note they are requesting to be placed in an apartment together. Additionally, students requesting to be placed together must request the same housing system and rent rates (i.e., both request a shared double room or a private single room in the same building). Every effort will be made to place residents who make mutual requests

Roommate Consolidations

WyoTech reserves the right to consolidate roommates as vacancies occur.

Married Student Housing Requests

At this time, married couples cannot be accommodated in campus-managed housing due to WyoTech housing regulations. Contact the housing office for recommendations on married student housing options.

Questions

Can I request my roommate?

Yes. You and your potential roommate should request one another on your housing applications. You also need to request the same location and room type.

Do I have to bring a TV, radio, phone or computer to use in my room?

Yes. An internet connection is available but you will need to bring your own electronic devices.

What do I bring to set up my new room?

A checklist is included on page 9 of this handbook to help with your move. You can also contact the Housing Team with any specific questions before you start school.

When can I move into my new student housing?

The check-in date for housing is generally the same as your registration date.

CAMPUS COURTYARDS

Room Type	Distance from Campus	Utilities Provided	Accommodations	Kitchen Facilities	Rent
4 person suites, shared or private bedrooms	Across the parking lot	<ul style="list-style-type: none"> • Electric/gas • Water/sewer/garbage • High-speed Internet 	<ul style="list-style-type: none"> • Twin extra long beds • 3 dresser drawers/person • Closet • Sofa • Coffee table • Kitchen table and chairs 	<ul style="list-style-type: none"> • 4-burner electric range /oven • Sink • Full-size refrigerator • Microwave 	<ul style="list-style-type: none"> • Shared Bedroom \$450*/Month** • Private Bedroom \$600-\$660*/Month**

Temporary housing assignments may be required when demands exceed availability of regular housing, to include local hotels.

WyoTech offers six different housing locations. These facilities are subject to change.

MOVE-IN-CHECKLIST

Housing checklist

Residents frequently bring more personal items and clothing than they will actually use. Since units are shared with roommates, space provided in drawers and closet is limited. We suggest that residents prioritize and bring the items indicated below. Please keep in mind we do have cold and snowy winters; winter wear may be purchased locally.

Visit our merchandise store: wyotech.myshopify.com

Living essentials

- Bedding for extra-long twin-sized bed
- Towels and Washcloths
- Shower Curtain
- Cooking and Eating Utensils
- Cleaning Supplies
- Laundry Supplies
- Toiletries
- Laptop (Windows 10 or above)

Suggested clothing

- Jeans & everyday clothing (appropriate for local weather)
- Jacket or coat (appropriate for local weather)
- Leather boots and gloves (required)
- Dress clothes for possible job interviews and community events

The housing team recommends students wait to purchase cooking and eating utensils, as well as cleaning supplies until they arrive. This allows you to see what the roommates living in the apartment already have so you can buy only what is needed.

Personal effects

Students living in campus-managed housing who choose to leave during scheduled breaks should plan to take their valuable items with them.
Wyotech is NOT responsible for stolen or damaged items.

Required documents

Housing Application

An application for housing, both campus-managed and off-campus, to begin the housing process. This is available on your student portal.

– A \$350* housing security deposit must be submitted with housing applications requesting campus-managed housing.

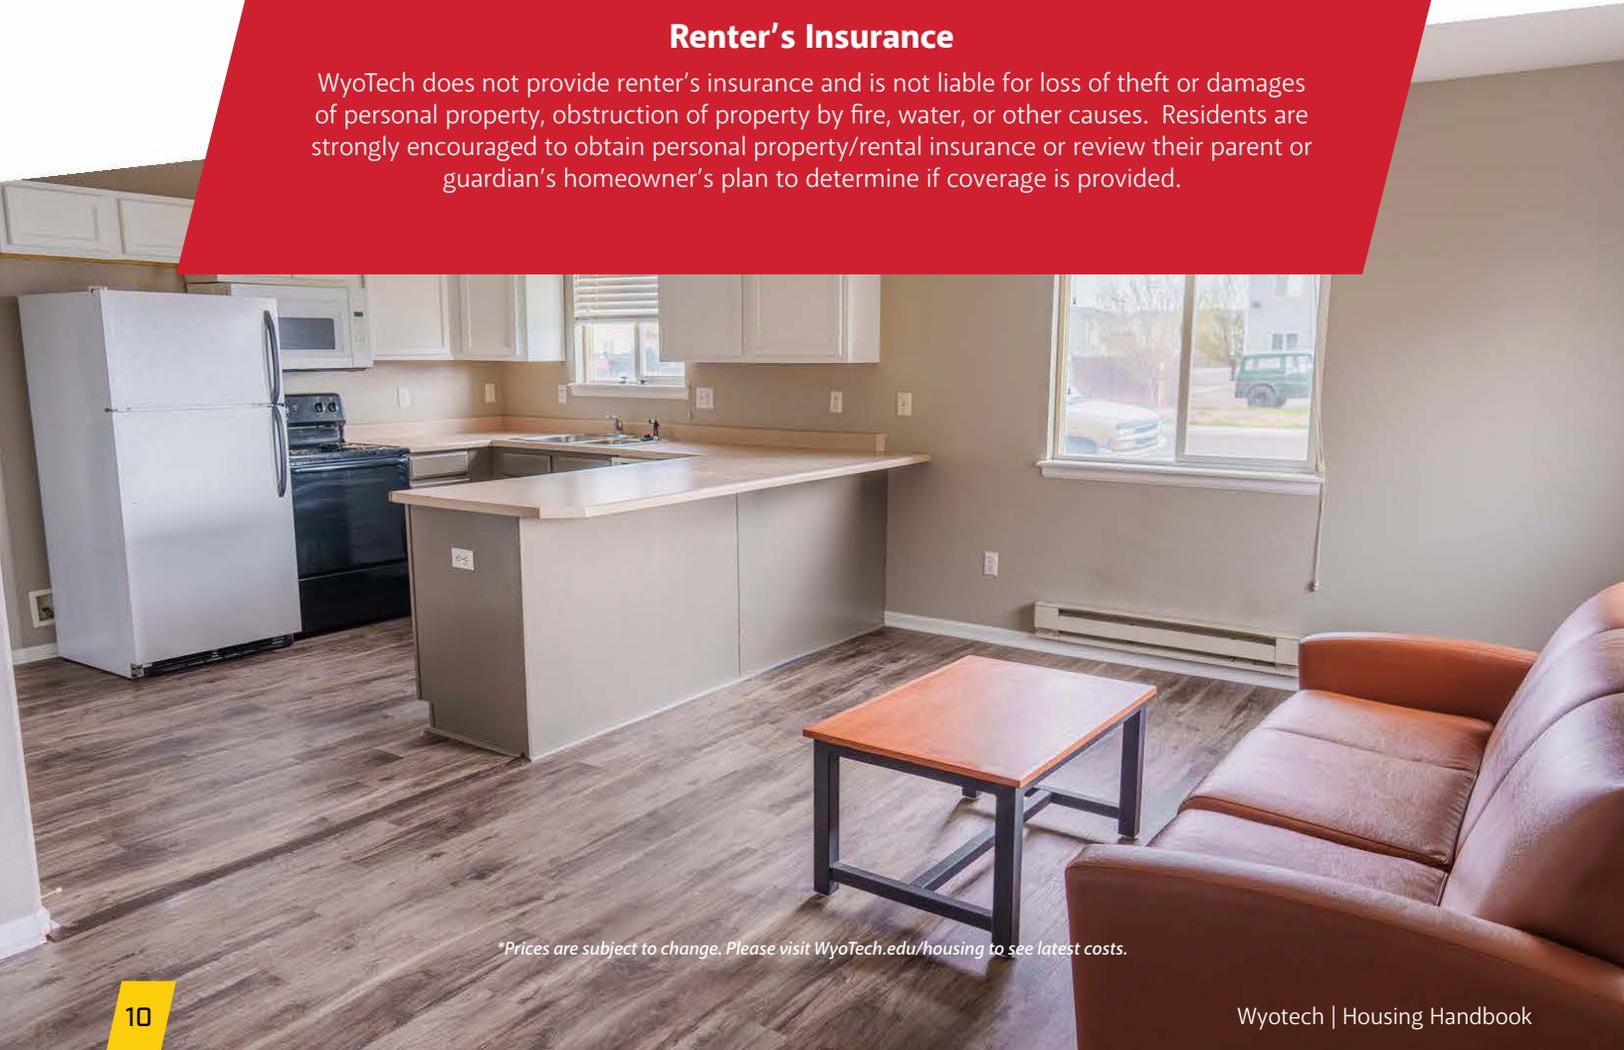

Housing Contract

A rental agreement between you and WyoTech that secures campus-managed housing for you. This will be available for you at check-in on registration day.

Renter's Insurance

WyoTech does not provide renter's insurance and is not liable for loss of theft or damages of personal property, obstruction of property by fire, water, or other causes. Residents are strongly encouraged to obtain personal property/rental insurance or review their parent or guardian's homeowner's plan to determine if coverage is provided.

*Prices are subject to change. Please visit WyoTech.edu/housing to see latest costs.

Policies & your

Responsibilities

This section, in conjunction with the housing contract, contains the terms and conditions under which WyoTech campus-managed housing services are offered.

The mission of WyoTech student housing services is to provide a safe, residential environment that supports the educational goals of the school. By contracting to reside in WyoTech student housing, you agree to abide by the policies and procedures outlined in this handbook, as well as other housing information given to you and stated on your housing application.

Good Neighbor Policy

- WyoTech housing facilities are located in residential areas surrounding the school community. It is a goal of WyoTech's campus to promote positive relationships with our neighbors that reflect positively on the school and its students.
- WyoTech's residents should understand that the permanent residents in their neighborhood have made long-term commitments to their environment, while students are temporary members of the community.
- Residents of student housing need to be mindful of the needs and concerns of the neighbors around their area and consistently show them proper respect.
- Specific concerns of our neighbors include rowdiness, loud noise, unsafe driving practices, and environmental issues. Residents of campus-managed housing are expected to be respectful of these concerns, and represent WyoTech in a positive manner within our community.
- Behavior that is detrimental to the quality of a neighborhood environment jeopardizes the integrity of not only the residents, but also the school itself.
- Our goal is for all residents to contribute positively to the community environment in and around their areas.

Shared Living

Students should feel at home in their living space but also need to understand their responsibilities in making the apartment feel comfortable for all who live there. Living with other people in close quarters can present challenges. Some students are living in a private room but sharing common spaces like kitchens, living rooms and bathrooms. Other students will also opt to share a room. The following are essential elements for creating a positive environment for shared living:

Shared Responsibilities: Students are encouraged to establish a shared list of chores for cleaning and maintaining the apartment. Will there be a schedule for who takes the trash out? What are the expectations for dishes in the sink or expired food in the fridge? How often will the bathroom get cleaned and by who? The resident assistants will work with students who are joining the apartment to ensure the conversation about shared responsibilities has happened with the group.

Effective Communication: Conversations about chores or things that are disrupting the living space can be difficult. The shared responsibilities conversation will be an important first step. Students are encouraged to address issues when they are first happening so they do not grow into bigger problems. If there are challenges, students should reach out to their resident assistant or the housing team for support.

Respect Personal Boundaries: One of the biggest challenges of shared living is making sure people are able to maintain their privacy. Whether that means having a phone call without interruption or not having someone use something that does not belong to them, students should respect personal boundaries for everyone in the apartment.

Housing Policies

All of WyoTech's housing facilities are considered to be part of the campus, despite being separated from the main campus. WyoTech retains the authority to monitor the manner in which the housing facilities are maintained and utilized by residents, and to continue an ongoing maintenance program for all units. The WyoTech Student Housing Office has developed housing regulations that are provided to ensure safe and secure housing for residents. These housing regulations are listed in this handbook. Resident Assistants, safety and security personnel, and Student Life personnel are available to clarify these regulations, as well as to ensure the safety, comfort and well-being of all residents. Our goal is to create an environment that contributes to student success

The following is a list of WyoTech Housing Policies that apply to all residents and guests

1 Alcohol

The possession, consumption, and/or distribution of any alcohol and/or alcohol container is prohibited on or around housing premises. All participants in a “party” involving alcohol are considered in violation of this policy. These incidents of alcohol-related violations may result in eviction, and may be reported to a local law enforcement agency and the parent or guardian.

2 Cleanliness

Residents are required to maintain their assigned unit in a clean and safe manner according to WyoTech standards. Units will be inspected by housing staff or resident assistants to ensure cleanliness standards are maintained.

3 Cooperation and Compliance

All residents and their guests are expected to cooperate and comply with the reasonable requests of WyoTech staff. Willfully and knowingly providing false or misleading information is also a violation.

4 Disorderly Conduct

Behavior (physical or verbal) that is detrimental to the living environment and the general well-being of housing residents is not permitted. Unit entry and exit via windows is considered as disorderly conduct and is not permitted. Use approved entrances/exits only.

5 Fire Safety

To ensure safety for all residents, the following safety regulations apply to all WyoTech housing facilities:

- You may not prop open labeled fire doors.
- Smoking, including e-cigarettes and vap pens, is not permitted inside or within 50 feet of the building.
- You may not link together multiple power strips.
- Do not tamper with, cover or hang items from the sprinkler heads or smoke detectors in the apartment building.
- Living and common areas must be kept free from obstruction at all times. Items must not block doors, entryways or hallways at any time.
- Power is limited in each resident’s room so limit the number of appliances and devices you are plugging into any single outlet or power strip.

- The use, possession or storage of Hoverboards, Segways, IO Hawks, Skywalkers, e-bikes, electric scooters, and similar devices as well as vaporizers (vape pens or e-cigarettes) or similar devices is prohibited due to the risks posed by the battery and charging devices.

Prohibited Items

The following items pose a risk of damage or fire safety or otherwise are not in alignment with WyoTech’s standards. As such these items are not permitted in WyoTech Housing:

- Candles or other open flame devices (including but not limited to wax warmers, hookahs, oil burners and incense)
- Heat lamps or space heaters
- Personal barbecues
- Storage of flammable fluids, barbecue grills, or charcoal
- Heat lamps or space heaters
- Extension cords
- Black lights
- Multiplug adapters or outlet multipliers
- Outlet multipliers and power strips without surge protectors
- Storage of flammable fluids, propane, barbecue grills or charcoal
- Large furniture items added to the apartments, including but not limited to couches, pool tables, foosball tables, etc.
- Wall hangings or other room decor that depicts alcohol, drugs or nudity/partial nudity
- Fog smoke or haze machines
- Dartboards

The charge for the unlawful discharge of a fire extinguisher, use of candles, or setting false fire alarms is \$130. Residents must be in compliance with all local fire codes. Fire safety violations are also subject to sanctions by a local law enforcement agency. Violations of Fire Safety Rules and Regulations will be fined no less than \$100 per incident by WyoTech Housing. The city may also cite violations of code according to their own schedules.

6 Fireworks

The use and/or possession of fireworks within three miles of city limits (including on housing premises) is prohibited and also constitute a fire safety violation.

7 Guests

Residents may have one (1) guest of the same gender stay with them in their unit no longer than three consecutive days. An authorized housing staff member must approve all guest visits, prior to the visit. Residents are responsible for the actions/behavior of their guests and must accompany the guest at all times. Guest of the opposite gender (student or non-student) must leave the premises by 11 p.m.

Guests who are under the age of 18 years are not permitted. Guests must provide legal proof of age and will be asked to leave the premises if age cannot be verified. A trespass notice will be issued by local law enforcement to unauthorized, underage guests.

8 Identification

Residents are expected to identify themselves to housing staff and patrol members upon request. Willfully and knowingly providing false or misleading information is a violation.

9 Illegal Drugs & Paraphernalia

The use, possession, and/or distribution of any illegal substance and/or paraphernalia is prohibited on or around housing property. In addition to being evicted from WyoTech housing according to the zero-tolerance policy, these incidents of drug-related violations may be reported to a local law enforcement agency and the parent or guardian, and may lead to eviction from WyoTech housing. Students suspected of use, possession, and/or distribution of any illegal substance may be subject to drug testing. A positive drug test will result in charges to the student account for the cost of the test.

10 Littering

The intentional dumping of litter anywhere on housing premises is not permitted. This includes the improper disposal of cigarette butts.

11 Noise

All residents are expected to respect their neighbors with regard to noise levels. Noise that disturbs other residents is never acceptable. Stereos (both auto and residential), televisions, vehicle noise, and voices must be kept at a reasonable volume so as not to disturb other residents.

12 Pets

Pets of any kind are not allowed in any housing unit under any circumstances.

13 Room Decor

The WyoTech Housing team wants students to be able to make the apartment/room feel like their own space. Students are welcome to decorate but must adhere to the following:

- a. Decorations may not cover exit signs, fire alarms, smoke detectors or fire extinguishers.
- b. Decorations may also not cover exit doorways, hallways or outdoor lighting.
- c. Banners, flags, tapestries, clothing, advertisement and or messages may not be hung outside of windows of the building or outside apartment doors. Due to fire safety regulations these items cannot be hung over doorways.
- d. Items may be hung on doors if they are safely secured using painter's tape or command strips/hooks.
- e. Students may not take down or vandalize other's property displayed on doors within the apartment.
- f. Decor depicting alcohol, drugs, vulgar language, racial degradation, violence or nudity/partial nudity are not permitted.
- g. Wall Hangings:
 - Nails, screws and tacks (or any other method that will damage the wall) are not permitted.
 - The only type of tape that is permitted is painter's tape.
 - Students may only use poster putty or command strips/hooks to hang things on the walls.
 - Students are responsible for any damage caused by wall hangings.
- h. Alcohol bottles or shot glasses may not be used as decoration.
- i. Perishable decorations such as pumpkins, plants or flowers must be disposed of in the dumpsters outside the building when the items start to expire.
- j. Fresh or live Christmas trees are not permitted. Artificial trees are permitted - one per room - and must be plugged directly into an outlet.
- k. Decorative lighting such as string, lighting strips or rope lights is not permitted in any WyoTech residential property.

14 Smoking

Smoking is not permitted inside any housing unit. This includes e-cigarettes and vapor pens. Residents smoking outdoors are expected to dispose of cigarette butts properly. Hookahs or other smoking paraphernalia are not permitted on or around housing properties.

15 Vandalism

The willful destruction and/or alteration of WyoTech housing property and the property of others is prohibited. This includes the dumping of waste products and/or vehicle fluids anywhere on housing premises.

16 Violence

The threat and/or practice of physical violence and/or harassment of fellow residents or WyoTech personnel in any form is prohibited.

17 Weapons

Firearms of any kind (handguns, rifles, air guns, airsoft guns, etc.) are not allowed on or around housing premises. Other weapons such as blowguns, large knives, bows and arrows, clubs, paintball guns, Nerf guns, BB guns, and air soft guns are also not permitted. WyoTech does not have any storage facilities available for such items. Possession of such items may lead to eviction and suspension from school.

Only foldable pocket knives with blades no longer than the width of your palm are permitted outside of kitchen knives.

18 Vehicle & Parts

A) Parking — Each housing area provides limited off-street parking. One (1) vehicle per resident may be parked in housing lots. Residents must make arrangements to park additional vehicles, including project cars, motorcycles, snowmobiles, etc., at alternate locations.

B) Permits/Proper Licensing — All vehicles must be registered at the WyoTech Housing Office and display a parking permit (available at no charge) when parked on any WyoTech property. Those vehicles parked on WyoTech property without a parking permit displayed, with expired license tags, or in inoperable condition are subject to removal at the owner's expense.

C) Parking Violations — Parking violations include—but are not limited to—vehicles parked in fire lanes, snow removal zones, no overnight parking areas, handicapped spaces (without the proper permit displayed), reserved spaces, or on sidewalks; blocking dumpster, exits and entrances; and occupying two spaces. Parking violations are subject to towing at the owner's expense and /or a fine of \$10-\$20 for each offense.

D) Fire Safety Code — Electric outlets are not available for resident use outside resident living units. Extension cords are not permitted to run across walk paths from windows, doors, etc.

E) Driving — The posted speed limit in all housing lots is 5 miles per hour. Exhibition driving, which includes the display of speed, squealing tires, blatant engine revving, etc., is not permitted in housing lots. WyoTech's good neighbor policy does apply to all of our community; drive accordingly.

F) Maintenance — Limited vehicle maintenance is only allowed by first obtaining a "Maintenance Permit." Maintenance permits may be obtained through authorized housing staff members and must be properly displayed on the vehicle. The draining of any fluids is strictly prohibited. Vehicles that are obviously leaking fluids — oil, coolant, etc. — may not be parked in housing lots and are subject to tow at the owner's expense. Residents are encouraged to inquire about and make use of in-class maintenance at WyoTech.

G) Parts and Accessories — WyoTech does not have any facilities available for the storage of automobile parts, tires, pick-up toppers, project vehicles, or other accessories. Residents are not permitted to store parts and/or accessories in their residential units under any circumstances and are encouraged to look into rental storage facilities.

H) Washing — Limited washing of vehicles is available in housing lots. Residents wishing to wash their vehicle must obtain a wash permit from their resident assistant and furnish their own hose and supplies. The washing of accumulated mud from a vehicle is not permitted.

Any items determined to be in violation of the rules and policies, including the fire safety code, may be subject to confiscation and disposal at the owner's expense. WyoTech will not be held responsible for loss or damage to confiscated items.

Unit Searches

When there is reasonable cause to believe that a violation of the housing regulations has occurred or is taking place, authorized members of the WyoTech housing staff may conduct an unannounced search of a housing unit to determine compliance with the regulations or with federal, state, and local laws. Locked boxes / Safes, changed doorknobs, etc., are not permitted.

Disciplinary Action

Violations of the housing policies may result in disciplinary action. Following are the different levels of action — and their definitions — which may be taken in the event of a violation:

Warning

The resident receives a written or verbal warning about a violation. More than one warning may place the resident on probation.

Probation

Written notice stating any further violation of any housing policies may result in eviction. Probation may be in effect until the resident's graduation or until they move from housing.

Eviction

The resident must vacate and remove all personal belongings from housing within the time specified on the Notice of Eviction and loses the privilege to be on any housing property.

In most cases, disciplinary action is progressive, meaning that a resident who receives one level of action may receive the next level of action on a subsequent violation. However, WyoTech maintains a zero-tolerance policy regarding alcohol, illegal drugs, weapons and violence. The policy is as follows:

Zero-Tolerance Policy

- To protect the safety of the tenant, WyoTech reserves the right to search a tenant's person or vehicle if suspicion exists that the tenant is violating any portion of the zero-tolerance policy.

- If a student is caught in possession, under the influence, or distributing illegal substances and/or in possession of drug paraphernalia or contraband, the student may be evicted from WyoTech housing and subject to disciplinary action from the school up to and including suspension.
- If suspicion exists that a student is under the influence, the student may be required to take a drug test. If the student has a positive drug test, the student may be evicted from WyoTech housing and be subject to disciplinary action from the school up to and including suspension.
- If a student is caught with alcohol or alcohol containers in WyoTech housing, the student may be evicted from WyoTech housing and be subject to disciplinary action from the school up to and including suspension.
- Students residing in the same apartment, which shares a common area, may be tested for alcohol or controlled substances if alcohol or drug use is suspected within that apartment.
- If a student is found in violation of the weapons policy, the student may be evicted from WyoTech housing and subject to disciplinary action from the school up to and including suspension.
- If a student acts in an abusive or violent manner, that student may be evicted from WyoTech housing and subject to disciplinary action from the school up to and including suspension.
- If a student is found to have participated in any act determined as unsafe or hazardous to student safety, that student may be evicted from WyoTech housing and subject to disciplinary action from the school up to and including suspension.

Students served with an eviction will have 24 hours to vacate the housing unit. If the student would like to appeal the decision, he/she will have 24 hours to do so. The appeal must be in writing and turned in to the Housing Office. An appeal hearing will be scheduled. WyoTech reserves the right to impose any level of action regardless of the resident's previous history. Community service assignments may be considered as an option and/or addition to disciplinary action.

Eviction

If you are evicted from WyoTech housing for disciplinary or other reasons, you will be responsible for paying all outstanding rental charges and pay a \$500* eviction fee. Eviction may take place immediately upon notice but will usually be effective no later than 24 hours after the disciplinary procedure. See Break of Contract, page 18.

Additional Housing Policies

In addition to WyoTech's Code of Conduct, the accompanying list of policies applies to all campus housing residents and their guests and is designed to ensure that the facilities are utilized in the manner for which they are intended. WyoTech safety and security staff monitors the compliance of the residents with these regulations. Residents are expected to respond to and cooperate with all staff when encountered. Failure to adhere to these policies may result in the loss of the resident's eligibility to reside in campus-managed housing. Violations of certain policies may result in immediate eviction, whereas other violations can result in probation or a warning. Copies of all documentation pertaining to the eviction or probation of a resident will be placed in the resident's housing file. In addition, the resident's parent(s) or guardian(s) may be notified if resident is underage.

Contract Policies

Rental Rates and Payment Plans

WyoTech housing rental rates are based on the location and type of your chosen unit.

Please find the current housing rental rates for your anticipated start date in the enclosed housing contract.

WyoTech offers the following rental payment plans:

1. A lump sum payment of total rent charges for your academic program length.
2. Term installments, payable in advance, beginning on the school registration date, and on the first day of each Term thereafter. Housing payments received after the fifth day of the Term could be subject to a \$50* late fee.

Contract Dates

The contract is in effect during the time period indicated in your housing contract. You must give the Housing Office 60 days written notice if you wish to renew your housing contract. Failure to provide this notification will result in your housing contract terminating on the end date indicated on your housing contract. Your housing contract housing charges will continue until you complete an official checkout of your assigned unit.

Application/Contract Cancellation

The housing application and housing contract are required to secure campus housing. A \$350* security deposit is required to be submitted along with the housing application. If a student cancels his/her enrollment all housing monies paid will be returned within 30 days.

**Prices are subject to change. Please visit WyoTech.edu/housing to see latest costs.*

Break of Contract

If you are evicted from housing for disciplinary reasons, nonpayment, or move-out of housing without an official release, you will be assessed a \$500* fee, in addition to any other rent, fees or charges you may owe under the contract.

Rent Refund

If you cease to be enrolled at WyoTech prior to the expiration date of your housing contract, you will receive a refund of any prepaid rent not used excluding any damages or fees you may have incurred. Rent refund is prorated daily.

Buyout Provision

You may choose to terminate your contract by completing a release request form which can be obtained from the Housing Office. Once written approval is given you may schedule a check-out. You will forfeit your \$350* security deposit and are responsible to pay for any damages or cleaning found upon check-out. Rent charges continue until a release is granted and you properly complete the check-out process.

Unit Assignments and Changes

WyoTech strives to match residents with requested roommates indicated on the housing application. However, we cannot guarantee your roommate preference. All roommates must pay the \$350* security deposit prior to their rooms being assigned. Only the assigned residents may occupy a housing unit.

WyoTech reserves the right to change housing unit assignments at any time prior to check-in.

WyoTech will not unlawfully discriminate in the assignment of rooms on the basis of race, color, religion, national origin, ancestry, sexual orientation or physical ability. WyoTech further recognizes and appreciates the educational value of diversity and does not consider differing backgrounds, physical characteristics, race, religion, or sexual orientation to be acceptable grounds for honoring housing unit assignment change requests.

WyoTech reserves the right to: a) change housing unit assignments; b) relocate individuals or groups of individuals if a disruptive environment exists; or c) consolidate vacancies by requiring residents to move when a vacancy occurs. WyoTech reserves the right to show the suite, room or apartment to prospective renters, and assign it to a new occupant.

Furthermore, WyoTech reserves the right to reassign any resident who is infringing on the rights of his/her roommate to study, sleep, or in response to disciplinary concerns.

Rooms are filled on a first-come, first-served, space available basis. For this reason, you should return your application with all applicable fees and other required documents as early as possible. As housing options fill up, students may be assigned to their alternate choice or informed that no housing is available. Changes to a student's room preference, and/or of roommate requests will result in the secure date being moved back to the new application date. Final room assignments will be available at registration only.

WyoTech reserves the right to assign students to temporary alternate housing, (to include local hotels) when necessary.

Unit Entry

WyoTech recognizes and respects your privacy; however, WyoTech reserves the right to enter units in response to life-, safety-, and health-threatening emergencies, and disturbances. In addition, authorized personnel will enter your housing unit for regularly scheduled inspections and/or for maintenance, repairs, or improvement of facilities at reasonable or scheduled times. In all such cases, the residents will be aware of the entry by announcement or through a card left behind by personnel. WyoTech staff will enter all housing units during scheduled breaks for inspection, cleaning,

**Prices are subject to change. Please visit WyoTech.edu/housing to see latest costs.*

Requests to change units are to be submitted to the Housing Office after the first week of class attendance. Requests to change units before that date will be restricted to emergency situations only. If your request to change units is approved, a housing staff member must check you out of your current unit before you can obtain keys to the new housing assignment. (See "Checkout Procedures" below.) Housing changes are subject to availability of vacant units and approval by the Housing Office.

Checkout Procedures

When checking out of housing, the following procedures must be followed. Failure to follow the proper checkout procedures may result in the assessment of a \$50* improper checkout fee.

1. The resident must schedule a checkout 24 hours prior to vacating the unit.
2. The resident must pack and remove all personal belongings before the scheduled check out time.
3. The unit must be thoroughly cleaned before official checkout is granted.
4. The resident must meet with the housing representative at the resident's housing unit.
5. The housing representative will physically inspect the unit with the resident present.
6. Upon completion of the inspection, the resident must return all unit keys to the housing representative.
7. The resident must sign the checkout form.
8. Any break of contract or unauthorized relocation to another room will result in a fee of \$500*.
9. Students withdrawing or being suspended must follow the same procedure; failure to do so will result in a \$50* improper checkout fee.
10. Additional charges may be assessed within 30 days of vacating the unit following the maintenance and cleaning staff's final inspection.

11. The resident has 20 days to appeal any changes to the Housing Office after the charges post to student's account.

Residents moving within the housing units must also follow the same procedure. Failure to follow the checkout procedures for in-house moving will result in a \$50* improper checkout fee.

Your Responsibilities

Eligibility for Housing

To be eligible for housing, you must:

- 1) Be enrolled in and/or attending classes at WyoTech. If not currently enrolled, permission to stay in housing must be secured in writing from the Housing Office.
- 2) Agree to abide by the housing regulations for the duration of your residence.

Acceptance into WyoTech Housing

In order to be accepted into WyoTech housing, you must:

1. Complete, sign, and return the housing application and other required paperwork prior to the deadline for your particular program's start date.
2. Include a \$350* security deposit with your completed housing application.
THIS FEE DOES NOT GUARANTEE A HOUSING PREFERENCE OR AVAILABILITY.
3. At registration, review and sign the WyoTech housing contract to secure your housing.
4. Pay your rental fee in advance, no later than the day of registration.

Note: Failure to satisfy 1 and 2 above could result in your housing assignment being delayed and you being placed in temporary housing upon your arrival.

Resident Responsibilities

- Residents are expected to maintain their assigned unit in a responsible manner and to notify WyoTech of any items in need of service and/or repair.
- Prospective residents are encouraged to carefully read the information in this handbook before deciding to enter into a contractual agreement for housing.
- This type of living arrangement may not meet the needs of all students. Should you decide to take advantage of the opportunity to live in campus-managed housing, the WyoTech student Housing Office will work with you to create a positive residential experience.
- **Unit Care** — Residents are required to maintain their unit in a clean and safe manner so as not to impose health or safety hazards. WyoTech suggests these guidelines for maintaining a clean apartment:
 - Garbage taken out daily.
 - Dishes washed after every use.
 - The toilet, bathtub and sink should be scrubbed weekly.
 - The stove and/or oven and refrigerator cleaned regularly.
 - Floors swept, mopped, and/or vacuumed weekly.

Note: The Housing Office will work with the resident assistants to inspect all units on a regular basis to ensure that residents are contributing to a safe and healthy living environment. Cleanliness violations will be issued when a unit does not meet the cleanliness standards. Students are responsible for their individual rooms but will share responsibility for cleaning the shared spaces, including the kitchen, living room and bathrooms. Violations have progressive consequences and may ultimately result in housing probation or eviction.

If the cleanliness of a unit is noted to be creating conditions that are harmful to the other residents in the space, a cleaning staff will be brought in to clean the unit and a cost of \$40 per hour will be charged to the student.

Lost or Damaged Keys — Residents will be charged for the loss/damage to the housing keys issued to them. Residents may be subject to charges for lock changes when they have compromised the security of the housing/postal units due to loss or release of keys to others.

Utility Usage and Conservation — Residents are asked to help conserve energy and save costs by turning down heat and turning off electrical devices — lights, stereos, TVs, etc. — when leaving for the day or for extended lengths of time.

Abandoned Property — When residents vacate a housing unit and leave personal property in or about the premises, that property will be considered abandoned and left to the disposal of WyoTech. Residents who do not completely move out by the scheduled checkout date forfeit personal property remaining in or about the premises, and such property may be packed and removed by WyoTech at the owner's expense. A packing fee of \$40* per hour and cleaning fees of \$40* per hour per housing staff member may be assessed. The minimum charge is \$40*. Disposal of abandoned property and materials may be subject to WyoTech disposal procedures. Material of a hazardous nature may be disposed of immediately, and a disposal fee incurred. Property left outside or around housing areas will be subject to disposal at any time.

Furniture — WyoTech Housing provides beds, dressers, sofas and coffee tables in all units. This furniture may not be removed from the apartment. Students are welcome to purchase their own additional small furniture to add to the space. Additional couches may not be added to the apartments. Other large sized items, such as pool tables, foosball tables are not permitted in the apartments.

Appliances — WyoTech Housing provides a refrigerator, dishwasher, garbage disposal, oven and stovetop and a microwave. All appliances will be checked prior to move in to make sure they are in working order. Should maintenance be needed on these appliances during a student's time in the apartment, they can make a maintenance request. Additional appliances such as air fryers, crockpots and toasters may be added. **Note: hot plates, electrical skillets and pressure cookers are not permitted due to fire safety risks.**

Housing Damages and Security Deposits

Residents will be held responsible for damages to the building, damaged or missing furniture, and any service costs due to actions and/or neglect. Residents are also responsible for the actions of their guests.

- WyoTech provides a Room Inspection Report sheet before check-in. Please fill this out thoroughly and return it to the Housing Office after check-in. A new Room Inspection Report must be completed when moving to a different unit within housing.
- Repair of damages and cleaning, if necessary, will be charged based on the current list of room charges. The minimum charge will be \$40*. Unless an individual

resident accepts responsibility for the damage charges, the charges will be equally distributed among the residents assigned to the unit.

- A security damage deposit of \$350* must be made with the completion of the housing application. WyoTech will hold this deposit for the entire period of the housing contract. The deposits are used to cover charges imposed by WyoTech, including cleaning/ damage charges or violations. The deposit will be returned to the resident within 30 days of the date the housing unit is vacated, pending proper checkout by the resident. Residents are required to maintain deposits at \$350* and will be asked to bring them up should they fall below this level.

**Prices are subject to change. Please visit WyoTech.edu/housing to see latest costs.*

Resources

Resident Assistants (RA)

Each housing area has at least one resident assistant assigned to it. The Resident Assistants act as a primary source of information for the residents in their area and should always be the residents' first line of communication when needs or concerns arise. Resident Assistants are experienced WyoTech students who are equipped to help relay maintenance requests, provide educational assistance, direct residents to proper assistance resources, and organize activities and events for residents. Residents are responsible for checking out of housing by making proper arrangements with the Housing Office. Resident Assistants are available to complete the checkout.

Car Pooling

Residents without automobiles can generally make car pool arrangements with those residents who have a car. When you arrive in Laramie and are checked into housing, you will attend a student orientation. At that time, and in your classes, you will have the chance to identify car pool opportunities.

Early Arrivals/Local Hotels

If you plan to arrive in Laramie prior to the housing check-in date indicated on the housing insert, we suggest you make advanced reservations at one of the following motels:

AmericInn Lodge and Suites	307-745-0777
Best Value Inn	307-721-8860
Best Western Inn	307-745-5700
Comfort Inn	307-742-6665
Days Inn Motel	307-745-5678
Fairfield Inn & Suites	307-460-2100
Hampton Inn Laramie	307-742-0125
Hilton Garden Inn	307-745-5500
Holiday Inn	307-721-9000

Note: Due to the extremely busy week prior to the scheduled housing check-in and the numerous maintenance and cleaning tasks that must take place therein, we cannot allow for early check-ins. Please take careful note of the check-in date for your class start and plan your travel arrangements to Laramie accordingly. If you have specific concerns or questions about this, please feel free to contact the Housing Office at 1-888-245-1203.

Laundry Facilities

Laundry services are available at Campus Courtyards, Fall Creek, Northern Rim, and Jefferson Street. For other housing locations, laundromats are located throughout Laramie.

Storage Facilities

WyoTech's Housing Office does not provide storage units. However, there are several public facilities in Laramie that rent out storage space.

A-1 Storage	307-338-2233
Snowy Range Storage	307-760-4793
Antelope Meadows	307-460-2000
Spring Creek Storage	307-745-5000
modSTORAGE	307-742-5422

Shopping

Several grocery stores and numerous convenience stores are located throughout the Laramie area. Located in the community are Super Walmart, as well as many specialty and variety stores.

Medical Facilities

Iverson Memorial Hospital is located less than ten minutes from WyoTech housing facilities and provides 24-hour medical services.

Iverson Memorial Hospital

Open 24 hours
256 N 30th St
307-742-2141

Grand Avenue Urgent Care

Opens 9am-8pm
3236 Grand Ave. D
307-760-8602

Best Med Urgent Care

Opens from 8am-8pm
3810 Grand Ave.
307-721-1794

Entertainment

The presence of the University of Wyoming in Laramie creates numerous opportunities for frequent Division I sports and musical/theatrical events throughout the year. Neighboring national forest lands provide easy access to a wide range of outdoor activities. Movie theaters, a bowling alley, and a variety of restaurants can provide a welcome break from the routine.

Housing Frequently Asked Questions

F.A.Q.s

1 What if I want to move in early?

Unfortunately, we have one week to turn over rooms from the previous students. This short window of time means we cannot accommodate early move in requests.

2 Why did I not get the roommate requested?

We do our best to accommodate roommate requests. There can be many factors that impact placement with roommates. Roommates must mutually request each other. Also, if one roommate makes their housing deposit significantly in advance of another (maybe months apart) it means the space with the requested person may no longer be available. Lastly, we had some students who requested roommates who are already here and space in that apartment was not available.

3 Why am I not placed on campus?

WyoTech currently has 600+ rooms available on campus. With a resident population that is usually over 1,000, we end up placing roughly 40% of students in our WyoTech managed properties off campus. We place students in the order their housing application and deposit are received. Once the on-campus apartments are filled, we begin placing students off campus.

4 What if I do not like the room I have been assigned?

After the move in period, we do our best to accommodate room changes. We prioritize those requests where an accommodation is required, students who do not have vehicles or those students who did not receive what they originally requested due to lack of initial availability. Every quarter, we open up room change requests for anyone on campus to change rooms. These notices are sent out via Canvas giving students a time frame for submitting their request.

5 What if I am off campus and do not have a vehicle?

We do our best to place students who do not have vehicles in the apartments on campus. Sometimes when students apply they indicate having a car but plans change. After move in, we work 1:1 with students to see if a move is possible. However, it has been our experience that students who live in the same location, building or apartment are more than willing to transport students to and from campus.

6 How do I know who my roommate(s) will be?

The placement email you received should note who your roommate(s) will be. These are the roommates who will share your apartment. If you are in the shared room, it will be noted which are your room partner.

7 How do I know what I need to bring for my apartment?

Please refer to the **Move-in Checklist** on **page 9** of this handbook. For other apartment items such as pots and pans or cleaning supplies, we encourage you to reach out to your roommates to clarify what they may already have in the apartment. Or you can purchase the things you need at Walmart once you get to Laramie and see what is still needed.

8 Where do I send my mail? Can I send mail prior to my arrival?

The placement email you received should note the address for mail. Students will be given a key for their mailbox at check in.

Do not send mail before your arrival. Current students will have keys for the mailbox until they graduate and leave campus. If you send something early, we cannot guarantee it will be here when you arrive. If there are things you absolutely need to send in advance, please call the housing office at 307.755.2003 to discuss.

9 Does WyoTech provide storage?

No. The Housing Office can provide a list of local storage units if storage is necessary.

10 How do I obtain a parking pass? How much do they cost?

Parking passes will be given out when you check in for housing. To reduce the wait time in line during check in, we ask you to fill out the [Parking Permit Request](#) form to share your vehicle information. Red passes are for off campus residents and blue passes are for on campus residents. All parking passes are free. Lost parking passes are \$10 to replace.

Housing Frequently Asked Questions

F.A.Q.s

11 Are there designated parking spots at my building?

Parking for on campus residents is located to the west of the apartment buildings or in the first row along the fence in the diesel building lot to the east of the apartments. You may not park your vehicle anywhere else on WyoTech property.

All off campus residents are provided parking in the lots at their apartment buildings. When you come to campus, you may park in the lot east of the apartments, between auto and diesel and the lot east of the automotive building.

The parking in the front of the automotive and diesel buildings is the staff only. You are welcome to park on the street in any legal street parking spot.

12 What do I do if my keys do not work when I arrive?

Visit the Housing Office located at the Campus Courtyards at 2075 Venture Dr in Building B, Room 109. We will make you a new key.

13 What do I do if there are cleaning or maintenance issues when I arrive?

We work hard to make sure rooms are clean and ready for your arrival. Know that you are unlikely to be moving into a completely empty apartment so there may be items and décor from the other roommates in space already.

WyoTech staff check rooms in advance but sometimes we miss something. If you have a maintenance or cleanliness issue, please call the housing office (307-755-2003) or come to the housing check in area to speak with staff. We will work quickly to address concerns.

14 What is a Resident Assistant(RA)? When will I meet my RA?

WyoTech employs a group of students who are hired and trained to support students in the apartments on and off campus. We have 22+ RAs in WyoTech housing that will do weekly check-in on rooms and see what support students are needing. They are also available to connect 1:1 with students if they are having issues. This peer support plays a vital role in getting new students acclimated to the campus and residential community.

15 What if my roommate(s) and I do not get along?

These relationships will take time to develop. Most situations can be resolved to make it workable. You can work with your RA if you are having challenges living with your roommates. Housing staff are also available for support. Once we have tried to address the concerns, students are welcome to choose to ask for a room change when those are opened for campus.

16 If I live off campus, can I still participate in student activities?

Yes! Students are welcome to participate in activities no matter where they live. Many activities happen in the community or out of town. Others occur in the Campus Courtyard buildings. Activities are announced on Canvas as well as flyers on bulletin boards around campus. Some activities have limited space but others are open to the full community. We also connect students with student clubs as well as other community activities, like the Laramie Recreation Center intramural sports.

17 What if I need accommodation provided for housing?

Students who make housing accommodations requests in advance will have their placement made with this information in mind. For example, if we know a person cannot navigate stairs, we will place them on the first floor of a building. If accommodation requests are made after move-in, we will do what we can to respond quickly.

18 Is campus-managed housing safe?

Yes! With the RAs on all properties and WyoTech security doing nightly rounds on and off campus, we know students will see WyoTech presence and support. If issues occur, RAs and security are trained for initial response and when to loop in housing staff or emergency services.

Housing Frequently Asked Questions

F.A.Q.s

19 Is there female only housing?

Yes. None of our apartments are mixed gender. We have certain apartments designated as female only apartments both on and off campus. We also have one location off campus that is home to only female students (space limited to 16). We have female RAs and housing staff on the team. If any female resident is feeling uncomfortable in their space, we encourage them to let us know so we can work with them to address the concerns.

20 Can I have a mini-fridge in my room?

Yes – if you live off campus. For the Campus Courtyard apartments, you are not allowed to have a minifridge in your room because the bedrooms are not wired to support the electrical load of a mini fridge and other items. As such, you are welcome to bring a mini-fridge and have it in the living room.

21 What items am I NOT allowed to have in housing?

There is a full list of prohibited items on page 12 of this Handbook.

22 Why do we have to follow quiet hours?

Quiet hours start at 11:00 p.m. Sunday – Thursday and 12:00 a.m. Friday and Saturday. The apartments have to be a living environment that is tolerable for everyone. Students should reasonably be able to expect to sleep without interruption or get homework done without distraction.

23 Are there rules I must follow living in the apartment?

Of course! You are joining a community of other students. For us to ensure a safe and welcoming environment, we have to all live by certain guidelines. You can review the full list of housing policies beginning on page 11 of this Handbook. Students are expected to review these rules and follow them while living in housing. If there are violations, students will be referred for a housing conduct process. Continued violations or egregious behavior can result in you being removed from housing. At all times—on or off campus—students are expected to follow the [WyoTech Student Code of Conduct](#).

24 Why do we do regular room checks?

It is our responsibility to make sure the apartments are a safe living environment. We do room checks to ensure students are doing basic cleaning, taking out trash regularly, washing dishes and not leaving piles of dirty laundry or food waste which can attract bugs. We also make sure there are no fire safety or other housing policy violations occurring.

25 What is the guest policy?

Guests of the opposite gender (student and non-student) must leave housing property by 11:00pm. Guests of the opposite gender are not allowed as overnight guests. One guest of the same gender is able to stay up to three consecutive days but must be approved by the housing office staff. Contact the housing office for information.

Residents are responsible for the actions/behavior of their guests and must be with them when they are on campus. Non-student guests under the age of 18 are not permitted in housing.
