## COHORT DEFAULT RATE

The U.S. Department of Education (the Department) publishes cohort default rates based on the percentage of a school's borrowers who enter repayment on Direct Loan Program loans during a federal fiscal year (October 1–September 30) and default before the end of the second following fiscal year.

Rate Calculation: The denominator for the cohort default rate is the number of borrowers who entered repayment in the cohort fiscal year. The numerator for the cohort default rate is the number of borrowers who entered repayment in the current cohort fiscal year and the two preceding cohort fiscal years and who defaulted during the cohort fiscal years.

The most recent three-year Official Cohort Default rate for WyoTech is:

Cohort Fiscal Year	Official Default Rate	Number of Borrowers in Default	Number of Borrowers in Repayment	Enrollment Figures	Percentage Calculation
2019	6.6	21	316	43	734.88%
2018	18.2	115	630	570	110.53%
2017	20.4	133	650	1,434	45.33%
